

How To Use

You have to configure it from wp-admin > Contact > Add/Edit Contact Forms (Contact Form 7 needs to be activated before) to use this plugin.

You will find a new tab, “Elavon,” along with Form, Mail, Messages, and Additional Settings, where you can make all settings related to Elavon Converge.

To add the Elavon payment form to your Contact Form 7, you will find below-given setting attributes

The screenshot shows the 'Edit Contact Form' page in WordPress. The 'elavon' tab is active, showing the following settings:

- Use elavon Payment Form
- Enable Test API Mode
- Amount Field Name (required):
